

Natural Hazards Engineering Research Infrastructure

Good afternoon NHERI GSC!

Our June meeting was a virtual social event. We had a wonderful time getting to have some fun with those in attendance! During this meeting we went over the revisions to the Constitution and voting procedures for acceptance. You should have received a Qualtrics survey to place your vote as a member of NHERI GSC.

As a reminder we will not be having a July General Body meeting. Therefore, the next meeting will be **August 15th at 11:00AM CST**.

I look forward to starting the new semester off with you all!

Thanks,

Jordan Nakayama | Civil and Environmental Engineering

Graduate Research Assistant

AU | Auburn University
