

# NHERI GSC DEI Working Group Meeting Minutes

Friday, March 31, 2022, at 11:00 am Central Time

Thank you to everyone who attended the DEI working group meeting. If you would like to view our previous meetings, a link to the NHERI Graduate Student Council Explore Meetings page can be found below.

The Chair (Margaret Webb) and the Vice-Chair (Harman Singh) of the DEI Working Group gave a brief introduction and then introduced our guest speaker, Dr. Haorui Wu. Dr. Haorui Wu is the Canada Research Chair in Resilience and serves as an assistant professor in the School of Social Work, Faculty of Health, at Dalhousie University, Canada. With an interdisciplinary background (social work, architecture, planning, and landscape architecture), his community-based interdisciplinary research and emerging practice have nuancedly explored human-environment interplay through the lens of environmental justice and social justice in the global context of climate change, disasters, and other crises.

Look out for emails or check our social media for updates about our next meeting. If you have speakers you would like to hear from, please let the DEI Chair or Vice-Chair know, and we will do our best to make that happen.
